20 pcs. Contents: \$900 + \$400 inbound tranship charges – Total: \$1300

Composition of boxes varies with each shipment.

This place only has a small selection of ultra specialty Acros they culture.

Each box consists of 20 colonies (18 are Acros)

Your only choice is Box A or Box B - no picks

Most colonies will be 2.5-3.5 inches in size.

If something doesn't look good they will sub with something equally spectacular (usually from other box list).
