Inbound Tranship Landing Charges:

\$350-400 per box total

Includes all inbound and handling fees:

Tonga (big) box charge:	\$25 / box
Freight: (avg. 25-35 kilos per box)	\$7.50 / kilo
Clearance:	\$25 / box
CITES permits:	\$2 /piece
Acclimation and repack at LAX:	\$25 / box
	<i>\$350-400/box total</i>

Average pieces per box:	12-25 colonies for most corals
Acropora and Euphyllia (are large)	12 or so LARGE colonies per box

The Euphyllia are awesome and live.

The Scolys are small

The Acropora are great.

The Yellow Sarco is the yellowest one in the world.

The Montipora are encrusting and amazing.

Tonga is very much like Australia grade corals: big sizes, amazing great colors, you will be amazed.

Acropora and Euphys make a heavy box and it will be \$400 for inbound landing charges on boxes on them. Avg. piece count is 10-12 (they are large), we estimate at 11 colonies, so \$840 for a box of Acros. If less than 11, we refund piece cost difference.
